FOCUS ST-LINE

Go Further

ST-Line. The inside story.

The Focus ST-Line interior echoes the car's distinctively stylish image. Sports seats, a silver gearshift insert, stainless steel foot pedals, and unique ST-Line perforated leather-trimmed steering wheel, all set ST-Line apart from other Focus series.

ST-Line. Sport styling.

The New ST-Line delivers the stylish practicality of the Ford Focus with all the eye-catching aesthetics of a performance-line vehicle. The bodystyling kit and meshed front grilles, Rock Metallic alloy wheels, sports suspension and ST-Line exterior branding – all contribute to the car's unique blend of usability and head-turning good-looks.

*In 4th gear. ⁹Ford test figures. ⁹⁰The declared Fuel/Energy Consumptions, CO₂ emissions and electric range are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions are specified for a vehicle variant and not for a single car. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO₂ emissions and electric range. CO₂ is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO₂ emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under www.simie.ie. For further information see www.sael.ie. **DPF** = diesel particulate filter.
