

CIVIC

5 DOOR

HONDA

A CAR BUILT FOR DRIVERS

Completely re-designed, and re-engineered, the new Civic 5 Door epitomises our innovative spirit and quest for technical excellence. The result is a car created with a unique personality and sporty soul, a car that is exciting to drive, refined, comfortable and sophisticated. Above all it's a car built around one vital component. You.

EXTERIOR DESIGN

Undeniably distinctive, unmistakably sleek and sporty, the Civic's contemporary design is a unique blend of dramatic sculptural lines and smooth athletic curves. A car designed to grab attention and, fundamentally, a car designed to be driven.

Model shown is for illustrative purposes and may not conform to Irish specification, please consult with your local Dealer for further information on the Civic Range.

OUR NEW GENERATION ENGINES

We have created two new turbocharged engines to give our latest Civic the power and economy to match its looks.

You can choose between a powerful and refined 182ps 1.5 VTEC TURBO or our efficient 129ps 1.0 VTEC TURBO, both feature our Earth Dreams Technology which gives you the perfect balance of performance and economy. These new engines can be specified with either a slick 6-speed manual gearbox or a smooth new CVT automatic.

HIGH QUALITY AND HI-TECH

Surround yourself in comfort and quality with soft touch materials and premium details. We have included lots of helpful technology like our clever new 7" Honda CONNECT touch-screen infotainment system*, dual-zone climate control, heated front and rear seats** and a new electronic parking brake, to make every journey that little bit more enjoyable.

*Honda CONNECT and dual zone climate control standard from Smart Plus Pack.**Heated rear seats are standard on Prestige and Premium plus pack. Model shown is for illustrative purposes and may not conform to Irish specification, please consult with your local Dealer for further information on the Civic Range.

FEEL PART OF IT

With its ergonomic driving position and new dual pinion steering system, the Civic provides excellent feedback and control, giving you an engaging driving experience. The suspension has also been configured for dynamic handling and features an independent Multi-Link system on the rear and a MacPherson strut set-up at the front. We've examined and rethought every aspect of the car, creating a new lightweight frame with high tensile material to save vital kilos, give greater body rigidity and add to new Civic's agility. All this technology has been engineered to work together to produce what we believe is our most advanced and sporty Civic ever.

THE NEW CIVIC S DESIGN

From its purposeful, muscular stance and twin centre exhaust pipes, the new S Design looks just as powerful and assertive in the car park as it does on the road. Its aerodynamically honed body kit, along with dramatic rear lights and roof spoiler, add to its stunning aesthetics.

The S Design is one of three exciting grades available with the 1.5 VTEC TURBO and is joined by the higher spec S Design with GT Pack and the ultimate luxury of the leather upholstered S Design with Prestige Pack.

Behind its distinctive black grille and powerful LED headlights sits our new 182PS 1.5 VTEC TURBO engine which ensures it has the power to impress.

The sporty experience continues inside with exciting design features like red dial illumination, aluminium pedals, leather steering wheel and carbon effect detailing. All designed to make your heart beat a little faster, on any journey.

HONDA CONNECT

The Civic incorporates the new generation 7" Honda CONNECT in-car audio and information system* with DAB digital radio, Apple Carplay® and Android Auto™**. The pre-installed, internet based AHA™ audio player also lets you connect to your favourite music, podcasts and news services.

*Honda CONNECT is standard on all models except Smart Grade. For more information on which grades these and other features are available on, please refer to specification pages 41 - 44. Model shown is for illustrative purposes and may not conform to Irish specification, please consult with your local Dealer for further information on the Civic Range.

Important Notice: The use of Apple CarPlay[®] and Android Auto[™] is at the owner's risk and is subject to license/usage agreements which are presented to the user at the time of download to the user's phone. Depending on use, Apple CarPlay[®] and Android Auto[™] can share user and vehicle information with their service providers. For further information please consult with your local dealer.

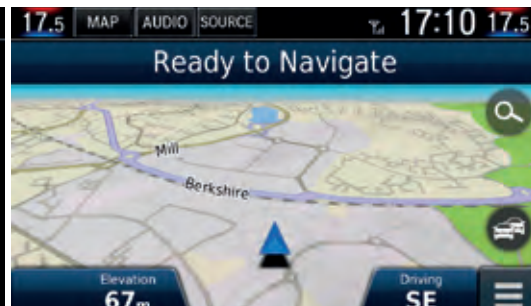

KEEPING YOU CONNECTED

The Civic incorporates the new 7" Honda CONNECT* in-car audio and information system which keeps you in touch with all the things you love in life, like your music and your friends, all within one central touch-screen display.

APPLE CARPLAY® AND ANDROID AUTO™

You can seamlessly integrate your Android phone or iPhone to the touchscreen display, allowing you to make calls, listen to music and send and receive messages.

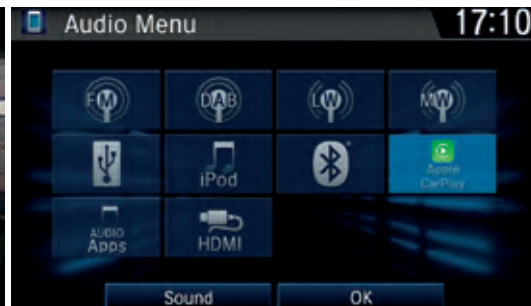

SATELLITE NAVIGATION

Integrated Garmin satellite navigation will make it easy to find your way and thanks to TMC (traffic message channel) updates you'll always be on the best route.

MULTI-ANGLE REAR VIEW CAMERA

Engage reverse and the rear view camera automatically comes to life on the 7" display screen with a choice of wide angle views and a top down view.

DAB DIGITAL RADIO

Enjoy digital quality sound and a broader range of stations, clearly displayed.

*Honda CONNECT is standard on all models except Smart Grade. Connectivity for Aha™ app (including internet radio) and for internet browsing is through WiFi tethering or Mobile WiFi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. We recommend you check your mobile phone subscriber package. Internet browsing function can only be used when the car is stationary. For more information on which grades these and other features are available on, please refer to specification pages 41-44.

Only iPhone 5 or newer with iOS 8.4 or later are compatible with Apple CarPlay®. Apple CarPlay® features, applications and services may not be available in all areas and are subject to change. To use Android Auto™, you need to download the Android Auto™ app from Google Play™ to your smartphone. Only Android 5.0 (Lollipop) or later versions are compatible with Android Auto™. Android Auto™ availability is subject to change and may vary based on Geographic location.

Model shown is for illustrative purposes and may not conform to Irish specification, please consult with your local Dealer for further information on the Civic Range.

Honda SENSING

Honda SENSING is one of the most advanced suites of safety technologies available, designed to keep you and your passengers safer.

Collision Mitigation Braking System

If there is a possibility of a collision with a vehicle or a pedestrian this feature will alert you to the danger as well as reducing your speed to help minimise the severity of any impact.

Lane Departure Warning

If the car moves out of its lane without you activating the indicator, alerts will flash and sound, to help bring your attention to correcting the lane drift.

Road Departure Mitigation

A windscreen mounted camera detects whether the car is veering off the road and uses the Electric Power Steering to apply subtle corrections to help keep your vehicle in its lane. In certain conditions, it can also apply braking force.

Lane Keeping Assist System

Helps keep you in the middle of your lane, providing a less stressful driving experience by reducing the need for steering correction movements and driving effort on the motorway.

Traffic Sign Recognition

The Traffic Sign Recognition System identifies traffic signs and relays this information to you via a visual display. Two signs can be displayed at any one time.

Intelligent Speed Limiter

Cleverly combines the existing adjustable speed limiter function with the Traffic Sign Recognition system to automatically set the speed limit to that which the Traffic Sign Recognition system may detect.

intelligent - Adaptive Cruise Control

This feature detects if a vehicle driving in an adjacent lane intends to cut in front of you and adjusts the speed of your Civic in advance. It also helps you maintain the distance between you and the car in front, so you don't have to change your speed.

Adaptive Cruise Control with Low-Speed Following*

This function maintains a set cruising speed and following distance relative to the vehicle in front of you. If the detected vehicle comes to a stop, the function will decelerate and stop your vehicle without you having to keep your foot on the brake. Once the car in front starts moving again simply tap the accelerator to resume the operation.

Honda SENSING

As standard across all models

Low Speed Follow*

Important Notice: Honda Sensing is a highly advanced driver assistance system designed to provide greater levels of safety and driving pleasure. It is not a substitute for driver control, so drivers are reminded that the responsibility for control and management of the vehicle remains with them at all times.

PUTTING YOUR SAFETY FIRST

We are committed to keeping you safe, which is why a great deal of clever engineering is at work in the new Civic.

Blind Spot Information*

Making lane changes and overtaking safer, it warns you when vehicles are detected in your blind spot by illuminating a tell-tale light in your door mirrors.

Cross Traffic Monitor*

When reversing, the Cross Traffic Monitor can detect approaching vehicles from either side and warns the driver of imminent danger.

Vehicle Stability Assist

Vehicle Stability Assist with Traction Control monitors grip and calculates the precise amount of power or brake force needed to enhance control whilst accelerating, braking or cornering.

Deflation Warning System

The tyre deflation warning system lets you know if your tyre pressure is incorrect. It can, for instance, give you advanced warning of a slow puncture.

Advanced Compatibility Engineering

Advanced Compatibility Engineering body structure distributes frontal impact energy more evenly throughout the vehicle, helping protect passengers.

Whiplash Lessening Front Head Restraints

In the event of a collision, these front head restraints and 3-point ELR seatbelts help keep passengers safe and secure and reduce the likelihood of whiplash injuries.

*For more information on which grades these and other features are available on, please refer to specification pages 41-44.

ACCESSORIES AND WHEELS

17" CURA ALLOY WHEEL

The 17" Cura features a diamond cut A-surface with shiny clearcoat, Gunpowder Black windows, full painted (Black Pearl) centre cap and a shiny chrome H-mark.

18" APOLLON ALLOY WHEEL

The 18" Apollon features a diamond cut A-surface with shiny clearcoat, Gunpowder Black windows, machined look centre cap and a shiny chrome H-mark.

18" HEXIA ALLOY WHEEL

The 18" multi-tone Hexia has a Tuscan Orange A-surface with shiny clearcoat, Gunpowder Black windows, machined look centre cap and a shiny chrome H-mark. It also features a machined ring behind the spokes, which accentuates the size and depth of the wheels.

18" KRATOS ALLOY WHEEL

The 18" Kratos is finished with a diamond cut A-surface with shiny clearcoat, Gunpowder Black windows, machined look centre cap and a shiny chrome H-mark. It also features a machined ring behind the spokes, which accentuates the size and depth of the wheels.

BLACK LINE AND ORANGE LINE

Express your individuality and enhance the sporty nature of your Civic
with these dramatic lines.

BLACK LINE

Black Line includes: Front skirt, side skirts, rear diffuser and mirror caps. Items available as separate accessories as well.

Images include optional 17" Cura alloy wheels.

ORANGE LINE

Orange Line includes: Front skirt, side skirts, rear diffuser, mirror caps and interior dashboard accent.

Images include optional 18" Hexia alloy wheels.

TOURING

Tow bars, dog guards, roof boxes and boot mats, everything you need to get the most out of life and the most out of your Civic.

CARGO PACK

Protect your Civic from mud, scrapes and scratches whilst keeping things organised and secure.

Pack includes: Boot tray with dividers, lipped rubber mats and protective boot sill decorations.

Cargo Pack items are also available as individual accessories.

Not suitable for 1.5 S-Design or GT Pack Grades.

DETACHABLE TOW BAR

With this detachable tow bar, you can tow your caravan or trailer with ease and remove it when not in use. Also available as fixed.

Please refer to application list.

ROOF BOX

Make the most of the space inside your Civic by putting luggage in this stylish and lockable Thule roof box. Available in: 410L, 400L and 320L capacity.

Not suitable for S-Design and GT Pack Grades.

THULE BICYCLE CARRIER

Made by Thule, certified by Honda. This accessory carries two bicycles, is easy to install, has a tilting function for easy boot access and an anti-theft locking system. Also available as EasyFold version which folds for storage. Comes with a 13-Pin Connector and requires a 13-Pin Trailer Harness.

DOG GUARD

The dog guard keeps your pets safe by separating the rear passenger area from the luggage compartment. It's a must for those who have pets, and fits snugly between the rear seat back and roof interior.

*Connectivity for Aha[™] app (including internet radio) and for internet browsing is through WiFi tethering or Mobile WiFi Router. Data usage and roaming charges may result from using applications on Honda CONNECT. Only iPhone 5 or newer versions with iOS 8.4 or later are compatible with Apple CarPlay[®]. Apple CarPlay[®] features, applications and services may not be available in all areas and are subject to change. To use Android Auto[™], you need to download the Android Auto[™] app from Google Play[™] to your smartphone.

Only Android 5.0 (lollipop) or later version are compatible with Android Auto[™]. Android Auto[™] availability is subject to change and may vary based on Geographic Location. We recommend you check your mobile phone subscriber package. Internet browsing function can only be used when the car is stationary.

**Please ask your dealer for a list of compatible Bluetooth[™] phones, pairing procedures and special feature compatibilities.

^aAlways use the recommended USB flash memory device. Some USB memory devices may not work in this audio unit.

^fFuel consumption: This test is designed to give an indication of on-road fuel consumption.

^gMaximum towing weights are based on a 12% gradient and are tested in accordance with EU Regulations.

4518 mm

1434 mm

1799 mm (2076 mm including door mirrors)

DREAMS REALLY DO COME TRUE

Dreams can be powerful, they push you to achieve more, to explore new ideas, new technologies and uncover new ways of solving problems. They can be the inspiration to design and build a true supercar like the dramatic new NSX. Dreaming of a better world for people to enjoy, has given life to a humanoid robot called ASIMO, taken flight with HondaJet and created some of the most popular motorbikes on the planet. The knowledge we gain from all the things we do and all the things we learn, goes into everything we make, just like the Civic.
