ALWAYS BEGIN ON A BRIGHT NOTE

Expressive from every angle, the all-new 2020 Lincoln Corsair combines spirited agility with responsive adaptability for an exciting ride. Each time you approach, Corsair greets you with a warm embrace. Lincoln Signature Lighting glows beneath the headlamps, while illuminated welcome mats and backlit door handles extend an invitation. Within the airy 5-passenger interior, luxurious amenities and serene quietness await. You'll also enjoy unique elements like an illuminated Lincoln Star logo¹ shining down on the center console, and beautiful chimes created exclusively for Lincoln by the world-renowned Detroit Symphony Orchestra. Chart an exhilarating course for your future in Corsair.

¹Available feature.

BROADEN YOUR HORIZONS

Sweeping cityscapes are only the beginning. The interior of the all-new Corsair is designed to enhance every view. Its dramatic horizontal lines are accentuated by details like Pinstripe Aluminum or Paldao Wood.¹ On the right side of the Vision steering wheel, you'll find buttons for your music, phone and more that illuminate as needed to help guide you. And each time you return, Corsair will recall your Personal Profile settings, you enter with the Intelligent Access fob.

ENGAGE WITH EXCLUSIVE AUDIO

Lincoln is the only automaker to offer you the Revel[®] Audio System¹ experience. Choose your level of immersion with personalized listening modes like "Stereo," "Audience" and "On Stage." In every mode, outstanding, multi-dimensional sound is delivered courtesy of 14 carefully placed speakers, advanced cabin correction tuning, QuantumLogic[®] Surround sound technology, and Revel Waveguides. You won't just hear the level of precision and musical accuracy – you'll feel it.

¹Available feature.

ENRICH YOUR TRAVELS

Whether you're making the most of some alone time or sharing a journey with friends, Corsair offers the functionality and flexibility you need to optimize every experience. A panoramic Vista Roof¹ with power sunshade lets you increase the spacious feeling inside the cabin at the push of a button. And when the need arises, you can slide the rear seats forward 6" to take advantage of up to 34.0 cu. ft. of rear cargo space. That's enough room to carry 4 large suitcases,² while still seating 4 of your friends. To fold the rear seat backs down, just press the EasyFold^{®1} release buttons and you'll have 57.6 cu. ft. of space to fill. Corsair even offers you effortless access to the cargo area, raising its hands-free liftgate¹ with just a kick of your foot beneath the rear bumper.

¹Available feature. ²Cargo and load capacity limited by weight and weight distribution.

TURBOCHARGE YOUR DAY

The all-new Corsair makes it easy with an all-turbocharged engine lineup. The standard 250-horsepower¹ Turbocharged 2.0-liter pairs with the 8-speed. Corsair offers smooth and effortless acceleration, plus hug-the-road performance, for an energetic and seemingly frictionless driving experience.

GLIDE EFFORTLESSLY

To help provide a smooth ride, Corsair features an Integral Bush Rear Suspension designed to absorb impacts and vehicle body motion in a way that helps make driving over most obstacles and road conditions as comfortable as possible. Torque Vectoring Control actively adjusts the speed between your front wheels for enhanced cornering agility.³ Adaptive suspension² is another seamlessly integrated technology that helps isolate your vehicle from road imperfections, so you can enjoy every ride.

¹Horsepower ratings based on premium fuel per SAE J1349® standard. Your results may vary. ²Available feature. ³Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions.
