

2021 NAVIGATOR

REDEFINING THE
LUXURY
EXPERIENCE

At Lincoln, we believe that luxury extends far beyond material possessions. Which is why the intuitive features and luxury appointments of your 2021 Lincoln Navigator are designed to make each day more effortless, empowering you to soak up every brilliant, wonderful moment along the way.

ITS WELCOMING
EMBRACE
MARKS YOUR
ARRIVAL

Begin each journey together on a bright note. As you approach, Navigator awakens with a graceful greeting. Dynamic signature lighting flows outward beneath the headlamps while the Lincoln Star on the grille glows from within.¹ Illuminated welcome mats, backlit door handles and power-deployable running boards¹ invite everyone inside, where ambient lighting puts on its show. The front door-sill scuff plates and safety belt buckles also illuminate,¹ while a field of stars dances across the instrument cluster. In an instant, Navigator recalls the memory settings for the audio, driver's seat, sideview mirror and pedal positions, climate control preferences and more associated with your Personal Profile. Your front passenger can also recall seat settings¹ with a touch. Navigator welcomes all.

¹Available feature, at extra cost.

GLIDE EFFORTLESSLY

Imagine yourself calmly in command – at peace with your surroundings. The standard Adaptive Suspension helps take you there smoothly by isolating the vehicle from road imperfections, while enhanced sound-absorbing materials and Active Noise Control help keep road noise at bay. The result is a relaxing atmosphere conducive to quiet contemplation or pleasant conversation.

Navigator also reinforces your calm confidence with best-in-class 450 horsepower¹ and 691Nm of torque¹ produced by its Twin-Turbocharged 3.5-liter V6 engine. The 3.5-liter is mated to a 10-speed SelectShift[®] automatic transmission designed to adapt in real-time, engaging the right gear at the right time to deliver the performance you seek.

450HP¹
(310kW²)

¹Horsepower and torque ratings based on premium fuel per SAE J1349[®] standard. Your results may vary. Horsepower and torque ratings are independent attributes and may not be achieved simultaneously. ²kW based on ISO 1585.

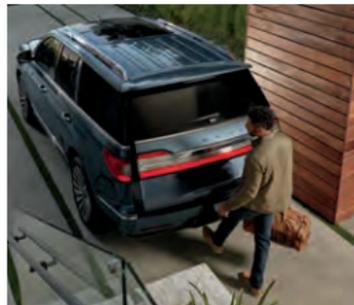

PAMPER YOUR PASSENGERS

From epic road trips to everyday errands, your family deserves the luxurious comfort of Navigator. Relaxing is easy with ample 2nd-row leg room, plus an available power, panoramic Vista Roof® that offers skyward views. Seat up to 7 with the heated 2nd-row PowerFold® captain's chairs, and your choice of a pass-through to the 3rd row or an available center console. To seat up to 8, select the available 2nd-row PowerFold bench seat, which also features heated outboard positions and a class-exclusive, independently sliding middle seat.

Treat your passengers to the available Lincoln Play™ Rear-Seat Entertainment System featuring 2 vibrant 10" screens. Plus, everyone can take advantage of 6 USB ports, four 12V powerpoints and a 230V power outlet for recharging all sorts of devices.

TRAVEL WITH EASE

Simply kick your foot beneath the hands-free liftgate to access the spacious cargo area. Then, press the PowerFold 2nd- and 3rd-row seat buttons to create a flat load floor in a flash. The available Tiered Cargo Area Management System can be configured 4 ways: as a partition, a shelf or a flat load surface, or positioned to help keep items securely inside as the liftgate opens.¹

¹Cargo and load capacity limited by weight and weight distribution.

REVITALIZE IN YOUR SANCTUARY

Every aspect of the Navigator experience is designed with your serenity in mind. You and your passenger can also enjoy available 1st-row passenger-seat memory, as you both relax into the available 30-way Perfect Position Seats with the most adjustability in the class,² plus Active Motion[®] massage functionality, and heated and ventilated settings.

Navigator pampers your passengers with the highest quality 2nd-row shoulder, hip and leg room. They'll also enjoy more 2nd-row head room than in the previous generation. On 8-passenger models, the PowerFold[®] 2nd-row bench seat¹ features heated outboard positions and independent adjustability for each of its 3 passengers. They can also set a preferred temperature using the climate controls on the back of the 1st-row console, and keep their devices charged with 2 USB ports, a 12V power point and a 230V power outlet – all in the 2nd row.

CARE FOR YOUR CREW

On 7-passenger models, the heated, leather-trimmed, 2nd-row captain's chairs feature PowerFold[®] functionality and a convenient 2nd-row center console¹ or a pass-through opening² to the 3rd row. The 2nd-row console includes auxiliary audio controls and a 4" LCD screen passengers can use to view details like station names and song titles.

GIVE THEM CONTROL

Lincoln Play³ is the modern take on rear-seat entertainment. It lets your passengers view content from their compatible devices on the 10" adjustable screen mounted securely to the back of each front seat. Content can also be accessed via SD card, HDMI input, or USB device. Display different content on each screen, and share what you're viewing by pushing it from a screen to another mobile device in the vehicle. Lincoln Play provides a multitude of entertaining options.

LET THEM PLAY

For effortless access to the 3rd row, Navigator features one-touch, tilt-and-slide functionality on all of its 2nd-row outboard seats. This means your passengers can load and unload quickly and easily.

MAKE LOADING EASY

¹Available feature, at extra cost. ²Class is Large Traditional Premium Utilities.

LINCOLN
SYNC® 3

CONNECT AND COMMAND

SYNC® 3 voice-activated technology¹ connects your tech with your Navigator, and puts you in control of calls, music and more with the tap of a button on your steering wheel and simple voice commands. You can also tap or swipe the stunning 10" touchscreen. To see your phone's familiar interface on the large screen, you can take advantage of compatibility with Apple CarPlay^{®2,3} for your iPhone[®]. It is also compatible with Android Auto^{™2,4}.

Apple CarPlay[®] allows you to connect the compatible iPhone and get access to features like:

- Apple Music[®]
- Siri[®] to send and receive hands-free text messages.

Android Auto[™] allows you to connect the compatible Android smartphone to get access to features like:

- Google Maps[™]
- Google Assistant[™] virtual personal assistant, for pass through voice commands.

REVEL[®]
HARMAN

Music has the power to calm and soothe... invigorate and liberate. Whatever your preference, our expertly engineered Revel[®] and Revel Ultima[®] audio systems can deliver a level of precision and musical accuracy you won't just hear – you'll feel. It's as if you're seated in the "Audience" or right up "On Stage" when you use the personalized listening modes.

Enjoy outstanding, multi-dimensional sound in every seat courtesy of Revel Waveguides, QuantumLogic[®] Surround sound technology, and advanced cabin correction tuning. The 20-speaker Revel Ultima[®] audio system ensures that you won't just hear the level of precision and musical accuracy – you'll feel it.

INTENSIFY YOUR AUDIO ENJOYMENT

STANDARD

Revel Ultima[®]

20 SPEAKERS
AVAILABLE

¹Don't drive while distracted. Use voice-operated systems when possible; don't use handheld devices while driving. Some features may be locked out while the vehicle is in gear. Not all features are compatible with all phones. ²Requires phone with active data service and compatible software. SYNC[®] 3 does not control third-party products while in use. Third parties are solely responsible for their respective functionality.

Certain restrictions, third-party terms, or message and data rates may apply. Commands may vary by phone. ³Apple CarPlay[®] and its functions are products of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan. All features supported in Middle East countries are available. ⁴Android Auto[™] and its functions are products of Google and its terms and privacy statements apply. Requires compatible Android smartphone with Android Auto[™] app on Google Play and data plan. All features supported in Middle East countries are available.

MASTER CHANGING CONDITIONS WITH CONFIDENCE

Life can be unpredictable. Maintain your composure with help from Lincoln Drive Modes. This new system puts you effortlessly in control of every drive. You simply turn a knob to choose the mode that suits your driving conditions or the type of driving you want to do. From Normal to Slow Climb¹, beautiful animations on the digital instrument cluster help you make your selection, and Navigator takes care of the rest. Everything from steering and pedal response to traction control and suspension settings, even the sound of the engine, adjusts automatically according to the mode you've selected.

The adaptive LED headlamps, standard on every Navigator, are speed sensitive, casting a wider beam at slower speeds and more focused, longer beams at faster speeds. With low energy draw and high lumen output, the LEDs also illuminate 10x faster than conventional incandescents, for the sense of instant on. With auto high-beam headlamps,² Navigator can detect vehicle and street lights ahead of you, and automatically switch between its low and high beams as a convenience to you and a courtesy to other motorists. Wherever your road takes you, a turn of a dial is all you need to continue unwavering, smooth and confident driving. Deep Sand mode was designed specifically with the Middle East customer in mind. When activated, it assigns more aggressive power delivery to achieve, maintain and increase straight ahead and turning momentum. This specific mode also allows for quick braking for rapid path correction.

¹When equipped with the available Heavy-Duty Trailer Tow Package and 4WD.

ENHANCE THE WAYS YOU MAKE MEMORIES

With a towing capacity of 3,765kg¹, Navigator makes it easy to enrich your adventures with family and friends. The standard trailer tow features provide all that you need to get towing, including our smart trailer tow connector and trailer sway control² technologies.

Pro Trailer Backup Assist,³ Electronic Traction Assist and an integrated trailer brake controller are offered in the Heavy-Duty Trailer Tow Package. With Pro Trailer Backup AssistTM, you just rotate the control knob in the direction you want your trailer to go, and the system automatically steers the vehicle to turn the trailer for you.³ Electronic Traction Assist automatically directs torque to certain wheels for improved stability in turns and to help with challenging situations like boat launch ramps. It can shift torque to the wheel with the greatest traction, or even lock the rear axle if needed, to keep you moving.

Navigator also meets the performance requirements for the SAE International[®] trailer weight rating standards, so you can tow your boat, camper or other road-trip essentials with the utmost confidence.

¹Max towing varies based on cargo, vehicle configuration, accessories and number of passengers
²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle.

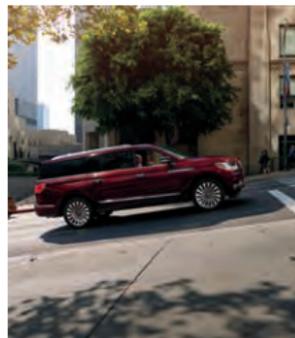

TECHNOLOGIES HELP SIMPLIFY YOUR DAY

HEAD-UP DISPLAY^{2,4} – Navigator lets you keep your eyes on the road while staying in the know.

LANE-KEEPING SYSTEM^{1,2,5} – If you start to drift out of your lane, this technology can help alert you. Using a forward-facing camera to detect road lane markings, the system can apply steering wheel torque and even alert you with a steering wheel vibration to help direct you to return to your lane.⁵ If it detects that you've crossed the line repeatedly, it can prompt the Driver Alert System¹² to chime and display a coffee cup image to remind you that it's break time.

AUTO HOLD¹ – You don't need to hold down the brake pedal for long stoplights or extended waits in Navigator. Just activate this technology, then come to a complete stop. Even on a hill, the system can hold the vehicle in place until you press the accelerator.

ADAPTIVE CRUISE CONTROL WITH STOP-AND-GO¹ – Certain driving situations can get tedious. When highway cruising or in lower-speed traffic, this system is designed to eliminate the need for constant adjustments. You simply set the speed, and the system can adjust to maintain your choice of 4 preset gaps from the vehicle in front of you, even following it to a complete stop. Available on Reserve series.

PRE-COLLISION ASSIST WITH PEDESTRIAN DETECTION^{1,2} – Using camera and radar technology, the system can monitor your vehicle's proximity to other vehicles and pedestrians. If a potential collision is detected, it can alert you and, if needed, it can help provide full responsiveness when you brake. If the system determines a collision is imminent, Active Braking may automatically apply full braking.¹³

BLIS[®] (BLIND SPOT INFORMATION SYSTEM) WITH TRAILER COVERAGE¹ – Some vehicles may be out of your line of sight, but they can be detected by this technology. It warns you if it detects a vehicle in your blind spots while driving forward, or approaching from the sides while in Reverse. The range of coverage can also be extended to include a conventional trailer, once it's been programmed into the system.

ENHANCED ACTIVE PARK ASSIST WITH PARK-OUT ASSIST^{1,2} – For help parallel parking or backing into a perpendicular spot, simply activate this system. It uses ultrasonic sensors to help locate an appropriate space, then steers the vehicle into it while you follow on-screen prompts and control the shifter, brake and accelerator pedals. It can also steer out of parallel spots. Plus, the standard Forward and Reverse Sensing Systems can alert you to objects near the front or rear of the vehicle while maneuvering.

360-DEGREE CAMERA^{1,2} – Get help in limited-visibility situations from this technology. It merges the views from 4 cameras to create a bird's-eye view of your vehicle and its surroundings displayed on the high definition 10" color screen.

¹Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. ²Available feature, at extra cost. ³Pre-Collision Assist with Pedestrian Detection can detect pedestrians, but not in all conditions and does not replace safe driving. See owner's manual for system limitations. ⁴Don't drive while distracted. See owner's manual for details and system limitations. ⁵Lane-Keeping System does not control steering.

- Rain-Sensing Windshield Wipers

DRIVER CONTROLS

- Leather- and wood-trimmed steering wheel with controls for audio and cruise control
- Personal profiles (memory settings for positions of driver's seat, sideview mirrors, power-adjustable pedals, power-tilt/telescoping steering column, audio, climate and displays)
- Power-adjustable brake and accelerator pedals
- Power-tilt/telescoping steering column with memory
- Power windows with one-touch-up/down feature
- Remote Start System
- Tri-zone electronic automatic temperature control with rear auxiliary controls and vents

EXTERIOR

- Hands-Free foot activated power liftgate
- LED configurable daytime running lamps, adaptive headlamps with signature lighting, and taillamps
- Power-folding, heated sideview mirrors with black caps, integrated turn signal indicators, puddle lamps, reverse-tilt-down, memory and auto-dimming driver's side
- Solar tint glass
- Tow hooks integrated into front fascia
- Trailer Tow Prep Package with 4-/7-pin wiring connectors, transmission oil cooler, Smart Trailer Tow Connector, and trailer sway control

LINCOLN EMBRACE

- LED-illuminated exterior door handle pockets
- Lincoln Approach Detection System
- Lincoln logo illuminated welcome mats
- Lincoln Signature Lighting

AUDIO AND NAVIGATION

- Revel® audio system with 14 speakers
- Touchscreen Navigation System with pinch-to-zoom capability
- SYNC® 3 Enhanced Voice Recognition Communications and Entertainment System with 10" LCD capacitive touchscreen with Swipe Capability
- Smart Charging USB Ports— Four (4)

INTERIOR

- 1st-row center floor console with winged armrest
- 1st-row overhead console with sunglasses holder and conversation mirror
- 2nd- and 3rd-row Smart-Charging USB ports (2)
- 12" configurable digital instrument cluster
- 12V powerpoints (4)
- 230V AC power outlet
- Wireless charging pad in 1st-row center console media bin
- Ambient lighting
- Auto-dimming, frameless rearview mirror
- Illuminated front door-sill plates
- LED dome and reading lights

SEATING

- Premium leather-trimmed 1st- and 2nd-row heated seats; Lincoln Soft Touch 3rd-row seat
- 2nd-row low-back, PowerFold® captain's chairs with recline and easy entry to 3rd-row
- 3rd-row PowerFold® 60/40 split bench seat with power recline and remote-folding outboard head restraints

SAFETY AND SECURITY

- Personal Safety System™ for driver and front passenger with dual-stage front airbags,² safety belt pretensioners, safety belt energy-management retractors, safety belt usage sensors, driver's seat position sensor, crash severity sensor, restraint control module and Front-Passenger Sensing System
- Front-seat side airbags²
- Safety Canopy® System with 3rd-row side-curtain airbags,² roll-fold technology and rollover sensor
- 3-point safety belt restraints for all seating positions; height-adjustable in 1st-row
- AdvanceTrac® with RSC® (Roll Stability Control™)
- Individual Tire Pressure Monitoring System (excludes spare)
- Intelligent Access with push-button start
- LATCH (Lower Anchors and Tether Anchors for Children) for all 2nd-row seating positions and 3rd-row outboard seating positions
- MyKey® technology to help parents encourage responsible driving
- Perimeter alarm
- SecuriCode™ invisible keypad
- SOS Post-Crash Alert System™

LINCOLN PROTECT EXTENDED SERVICE PLANS

Lincoln Protect has a variety of plans to give you peace-of-mind protection whether you want vehicle component or maintenance coverage. When you visit your distributor, insist on genuine Lincoln Protect extended service plans.

1:1 MODEL

While creating the all-new Navigator, computer-generated data was used to build a life-size model of the vehicle early in its development process. This critical step allowed the designers, engineers, program managers and other key members of the Lincoln team to scrutinize and refine the way the data defines the final product, in order to hone the fit and finish of the most minute details.

LUXURY VALIDATION

In order to provide a highly refined Navigator ownership experience, the Lincoln Luxury Validation Center meticulously inspects the materials, craftsmanship, fit and finish, and function of each Navigator that leaves our manufacturing facility. This process ensures that it meets Lincoln standards in every way, before you see that it meets yours.

Comparisons based on competitive models (class is Large Premium Utilities based on Lincoln segmentation), publicly available information and Lincoln certification data at time of printing. Vehicles may be shown with optional equipment. Features may be offered only in combination with other options or subject to additional ordering requirements/limitations. Dimensions shown may vary due to optional features and/or production variability. Information is provided on an "as is" basis and could include technical, typographical or other errors. Lincoln makes no warranties, representations, or guarantees of any kind, express or implied, including but not limited to, accuracy, currency, or completeness, the operation of the information, materials, content, availability, and products. Lincoln reserves the right to change product specifications, pricing and equipment at any time without incurring obligations. Your Lincoln Distributor is the best source of the most up-to-date information on Lincoln vehicles.

Lincoln Original Accessories will be warranted for 12 months/unlimited mileage. Lincoln Licensed Accessories (LLA) are warranted by the accessory manufacturer's warranty. LLA are designed and developed by the accessory manufacturer and have not been designed or tested to Ford Motor Company engineering requirements. Contact your Lincoln Distributor for details of all Lincoln Original Accessories and limited warranties. *Consult owner's manual for details on roof-rack load limits.

THE LINCOLN NAVIGATOR PRESIDENTIAL

Presidential

WELCOME

Lincoln Presidential is your invitation to a uniquely elevated automotive experience, one that revolves around you. Our 2021 collection features carefully curated design themes inspired by the love of travel, the arts, culture, fine food, architecture, fashion and more. Which one speaks to you? Explore them at your leisure at your dealership or another place of your choosing.

YACHT CLUB

Exclusively for
Lincoln Navigator

Capture the magic of a light breeze and calm seas on a warm summer day with this new Lincoln Presidential theme. All 3 rows of seats are wrapped in Coastal Blue Venetian leather with linear micro-perforation patterned inserts. Whitewashed Teak wood trim reinforces the nautical tone, while Dinamica® gives the headliner a soothingly soft finish. It's inspired by the luxury and leisure of the finest yacht clubs.

DESTINATION

Exclusively for Lincoln Navigator

Travel becomes art with this new Lincoln Presidential theme. A carefully curated blend of elements gives the Mahogany Red cabin texture and depth. Inserts featuring a sophisticated diamond-weave perforation pattern complement the Venetian leather seats. The suede-like feel of Dinamica® wraps the headliner, and Khaya wood accents help create an environment that's as adventurous as your next destination.

CHALET

Lincoln Navigator

A stimulating blend of Espresso- and Alpine-colored leathers commingle in this alluring interior. Lincoln Star perforation pattern inserts add distinctive style to the Venetian leather seats, while the suede-like feel of luxurious Dinamica® wraps the headliner and accents the deeply toned carpeted floor mats. Silverwood appliqué, inspired by the beauty of birch trees, gracefully guide you from exhilaration to rejuvenating peace.

Whitewashed Teak

DESTINATION

Mahogany Red Venetian
Khaya

CHALET

Alpine Venetian/Espresso Leather
Silverwood

The hide is selected by a third-generation craftsman at Eagle Ottawa – a tannery since 1865 – then transformed into our exclusive Venetian leather through a process that imparts the softest “hand” and outstanding durability. Custom perforation patterns and precise stitching give this exquisite, naturally grained leather the perfect finishing touches.

The rich texture of an enchanting wood makes a lasting impression. Ziricote, a heavily grained wood from South America, has long inspired artisans of furniture, musical instruments and yachts. The ethereal, sparkling effect of Argento wood is achieved by infusing metallic dust between its layers. Special touches like these draw you inside the Lincoln Presidential collection.

LINCOLN PRESIDENTIAL STANDARD FEATURES

DESIGN AND COMFORT

- Black-accented exterior badging
- Venetian leather seats

TECHNOLOGICAL CONVENIENCES

- Tri-zone electronic automatic temperature control
- Remote Start System
